## **Temporary Disruption in Supreme Court Case Information System**

### ***Technology Upgrades Set For This Weekend***

San Francisco—The California Supreme Court's online Case Information System will not be operational starting at 6:00 p.m. today, Friday, March 27, until 8:00 a.m. on Monday, March 30, 2009. In addition, the Case Information Web site will not be operational after 6:00 p.m. on Monday, March 30 until Thursday, April 2 at 9:00 a.m.

These temporary service disruptions are necessary to allow the court to upgrade its automated case management system. The court regrets any inconvenience this service disruption may cause, said Clerk/Court Executive Officer Frederick Ohlrich.

The upgrading of the Supreme Court's automated case management system also will delay the posting of the results of the court's Wednesday, April 1, 2009, weekly petition conference. It is expected that the petition conference results will be available on Thursday, April 2, 2009. Results for future petition conferences will be available to the public and media on the day of the petition conference.

The Supreme Court also wishes to remind court users that Supreme Court and all California appellate and trial courts will be closed on Tuesday, March 31, 2009, in observance of Cesar Chavez Day.
